Drew Charter School

All Clubs

This group allowed me to have a say in planning events or activities.

This group can influence how adults in this community feel about nutrition and physical activity.

Our group is united to make our school and community a better place for being physically active and eating healthy.

Since I started this project, I understand a lot more about what changes are needed to make my school or community a better place for being physically active and eating healthy.

Since I started this project, I am more confident in my ability to communicate with decision-makers about the kinds of changes we need to make our school or community a better place for being physically active and eating healthy.

I plan to continue to work for change in my school or community after this project is over.
